

VARIETY PROFILING 2020

Basic Advice (all varieties): T0 (from GS30) MODDUS 0.1–0.2 l/ha for root enhancement followed by T1 (GS31–32) MODDUS 0.1–0.2 l/ha + chlormequat 1.25 l/ha. Consider higher rate for those varieties with a weaker basal stem strength.

In addition to the basic recommendations, below is further tailored advice by variety.

Variety	AHDB rating - PGR	AHDB rating +PGR	Centre of Gravity (cm)	Basal Stem Strength (Nm)	Anchorage Strength Plant (Nm)	Specific Variety Advice
KWS Siskin	6	7	**	***	**	Standard programme according to the situation
LG Sundance	6	7	**	*	**	Target higher rates of MODDUS at GS31-32; Ethephon at GS37-39
Zulu	6	7	*	**	**	Consider higher rates in higher risk situations; Ethephon at GS37-39
SY Insitor	6	7	**	*	***	Target higher rates of MODDUS at GS31-32
Shabras	7	7	**	**	**	Consider higher rates in higher risk situations
KWS Kerrin	7	7	**	**	**	Consider higher rates in higher risk situations
LG Skyscraper	7	7	**	**	**	Consider higher rates in higher risk situations
RGT Gravity	7	7	**	**	**	Consider higher rates in higher risk situations
Evolution	7	7	*	**	*	Target higher rates of MODDUS at GS30 to enhance anchorage
Graham	7	8	*	**	*	Target higher rates of MODDUS at GS30 to enhance anchorage
JB Diego	7	8	**	**	**	Consider higher rates in higher risk situations
KWS Santiago	7	8	**	**	**	Consider higher rates in higher risk situations
Leeds	7	8	**	*	**	Target higher rates of MODDUS at GS31-32
Elicit	7	8	**	**	**	Consider higher rates in higher risk situations
KWS Jackal	7	7	**	**	**	Consider higher rates in higher risk situations
Gleam	7	7	**	**	*	Target higher rates of MODDUS at GS30 to enhance anchorage
Elation	7	8	***	**	**	Standard programme according to the situation
Dickens*	7*	7*	**	**	*	Target higher rates of MODDUS at GS30 to enhance anchorage
KWS Extase	7	8	**	***	**	Standard programme according to the situation
KWS Zyatt	7	8	**	*	**	Target higher rates of MODDUS at GS31-32
Costello	7	8	**	**	**	Consider higher rates in higher risk situations
Revelation	7	8	**	***	***	Standard programme according to the situation; Ethephon at GS37-39
Crusoe	7	8	**	**	**	Consider higher rates in higher risk situations
KWS Basset	7	8	***	***	**	Standard programme according to the situation
KWS Lili	7	8	***	*	**	Target higher rates of MODDUS at GS31-32
Skyfall	8	8	**	**	**	Consider higher rates in higher risk situations
KWS Fidy	8	8	***	**	**	Standard programme according to the situation
Grafton*	8*	8*	***	**	*	Target higher rates of MODDUS at GS30 to enhance anchorage
Scout*	8*	8*	**	**	***	Standard programme according to the situation

High Risk Medium Risk Lower Risk

Colours according to AHDB -PGR. * No longer RL listed. Ratings are from previous year.
