

Potato Science Live 2018: Somerset

Events

06.02.2018

Potato Science Live is an exciting way to experience the latest developments in potatoes and is your chance to see how they will enhance crop decisions this season and into the future.

Agenda:

We will have speakers discussing a range of subjects including:

Blight fungicide update

Discussion on a new piece of equipment which controls the depth of nematicide application - Andrew Webster, Farmers Weekly Innovation Award Winner

Sustainable farming - Loddington/ASDA project - Max Newbert, Syngenta

Sampling methods for PCN - Anne Stone, AHDB

How to make the Environmental Scheme Framework fit your farm - David Cliffe, Environmental Consultant

Spray application update - Syngenta

Insecticide update - Max Newbert, Syngenta

As usual, an outstanding lunch will be provided by our hosts at Frogmary Green Farm.
