

Potato Science Live 2018: Peterborough

Events

08.02.2018

Syngenta POTATO SCIENCE

Potato Science Live is an exciting way to experience the latest developments in potatoes and is your chance to see how they will enhance crop decisions this season and into the future.

Agenda:

Registration from 8.45am with the event to start at 9.15am and will finish at 1pm with Lunch.

The latest application trials in potatoes - how to optimise your application techniques going forward - Harry Fordham, Syngenta Application Champion

Blight update - AHDB and Syngenta

A review of insecticides and an overview of the exciting new technology Syngenta is developing - Dr Max Newbert, Field Technical Specialist for Syngenta

3D modelling, epidemiology and genetics of Alternaria - Ioannis Baltzakis

A summary of the latest trials work Syngenta have conducted - David Wilson, Syngenta Area Manager
