

[A day in the life of a Syngenta Scientist](#)

Syngenta
17.10.2019

Meet **Andrew** one of our Senior Analytical Chemists. Find out what a day in his work life is like from reviewing analytical requests, project planning to software testing and why he loves his job!

Read Andrew's story of [NewScientistJobs](#)

Meet **Júlia**, one of our Senior Research Chemists. Find out what a day is like in her shoes, from synthesising and purifying compounds research into novel synthetic routes to target compounds, troubleshooting on-going reactions, or analysing data to aid in design and delivering courses about Agrochemistry to postgraduate students.
