MILAGRO 400D TANK MIX LIST

The following tank mixes have been tested for physical compatibility with MILAGRO 400D at recommended rates of use and will mix in the sprayer tank. No tests have been undertaken on crop safety or product performance therefore, use is at the user's own risk. Syngenta UK Ltd will support the physical compatibility of 2-way tank mixes of MILAGRO 400D with any of the herbicides listed. For further information on compatibilities, contact Syngenta UK Ltd on 0800 1696058.

HERBICIDES

CALLISTO
CAMIX

Dow Shield 400
EVOLYA + ADIGOR

MERISTO
Stomp Aqua

NOTES

Before using any tank mixture, consult and comply with the recommendations of the partner products. Each product should be added separately to the bulk of the water in the spray tank and thoroughly mixed before adding the next chemical. Always use constant agitation of the sprayer tank during mixing, transportation and application. Spray immediately.

Rainfastness: 1 hour

Use plant protection products safely. Always read the label and product information before use.
