NOTES

Before using any tank mixture, consult and comply with the recommendations of the partner products. Each product should be added separately to the bulk of the water in the spray tank and thoroughly mixed before adding the next chemical. **Always add the QUANTIS to the sprayer tank last. Always use constant agitation of the sprayer tank during mixing, transportation and application.** Spray immediately.

¹Risk of antagonism if weeds not actively growing. Use full rate of AXIAL PRO for target weed when in mix with QUANTIS.

²Continuous agitation required at all times.
