

UNIVERSALIS TANK MIX LIST

The following tank mixes have been tested for physical compatibility with UNIVERSALIS at recommended rates of use and will mix in the sprayer tank. No tests have been undertaken on crop safety or product performance therefore, use is at the user's own risk. Syngenta UK Ltd will support the physical compatibility of 2-way tank mixes of UNIVERSALIS with any of the fungicides, herbicides, insecticides or PGRs listed. For further information on compatibilities, contact Syngenta UK Ltd on 0800 169 6058.

NOTES

Before using any tank mixture, consult and comply with the recommendations of the partner products. Each product should be added separately to the bulk of the water in the spray tank and thoroughly mixed before adding the next chemical. Always use constant agitation of the sprayer tank during mixing, transportation and application. Spray immediately.

LERAP: None.

Rainfastness: 1 hour

**Use plant protection products safely.
Always read the label and product information before use.**
