The following tank mixes have been tested for physical compatibility with ALTO ELITE at recommended rates of use and will mix in the sprayer tank. No tests have been undertaken on crop safety or product performance therefore, use is at the user's own risk. Syngenta UK Ltd will support the physical compatibility of 2 or 3-way tank mixes of ALTO ELITE with any of the fungicides, herbicides, insecticides or PGRs listed. For further information on compatibilities, contact Syngenta UK Ltd on 0800 169 6058.

### FUNGICIDES

³ Recommended rate of use: 0.75 l/ha
TRACE ELEMENTS

Syngenta UK Ltd will support the tank mixing of any of the named trace elements with ALTO ELITE. Syngenta UK Ltd advise that the trace element part of the tank mix is added to the sprayer tank last with constant agitation and the mixture is sprayed without delay.

Bittersalz  Headland Manganese 15%  Yara Vita Bortrac
Headland Bo-La  Headland Maple DF  Yara Vita Liquid Manganese
Headland Boron  Hu-Man 15  Yara Vita Mantrac 500
Headland Legume Mix  N-Lock  Yara Vita Molytrac
Headland KTS  Nutriphite PGA  Yara Vita Rapitrel
Headland Magnus  Seamac PCT  Yara Vita Sulphur F3000

NOTES

Before using any tank mixture, consult and comply with the recommendations of the partner products. Each product should be added separately to the bulk of the water in the spray tank and thoroughly mixed before adding the next chemical. Always use constant agitation of the sprayer tank during mixing, transportation and application. Spray immediately.

1 Always add HALLMARK WITH ZEON TECHNOLOGY to the spray tank last.
2 ALTO ELITE + Rovral Aqua Flo is compatible and Syngenta will support its use in the field bean crop.
3 Ally Max SX = can read across to all DuPont SUs.
4 Maximum rate of triazole supported with Keystone, Micaraz and Seguris is half rate.
5 ALTO ELITE + Biscaya – do not apply to crops of beans when in flower. The safety to bees with this tank mix has not yet been confirmed.

ALTO ELITE is INCOMPATIBLE with Ignite and Headland Microbor.

LERAP: Category B.
Rainfastness: After 3 hours.

Use plant protection products safely.
Always read the label and product information before use.
